INTERNSHIP PROPOSAL 2021-2022

Our Vision

To be the most favored financial services provider for all categories of investors by offering them comprehensive “Wealth Care” service.

Chairman's Message

We firmly believe in our QGLP (Quality, Growth, Longevity and Price) philosophy which has rewarded us over the years in terms of performance. We intend to follow it to ensure constant improvement.

We focus on maintaining strong foundation in the business through investments which could generate long-term benefits. We build products such as Equity Advisory Product IGSL Elite, Margin Trading Facility, EKYC, Mutual Fund distributions and Research Analysis to enhance customer satisfaction for our valued clients.

Our Company seizes every opportunity presented by the drastic changes of the economy and the volatile market. Change has become inevitable, for us to retain our position in the market. It is essential to have a dynamic approach towards the future. We continue to progressively work on:

- a) Taking advantage of innovation and latest technologies.
- b) Committing to sustainable and responsible growth and
- c) Building future-ready capabilities.

Company Overview

Inventure`s zeal is to provide an enhanced experience which can build valuable relationship & strive towards customer delight, through constant innovation & superlative services under one roof.

Inventure Growth & Securities Limited commenced operations in 1995 as a stock broking house. Over past two decades, we have created a niche for ourselves in financial markets being one stop solution for all the financial need of clients. Through a large network of sub-brokers, we offer our clients an opportunity to invest and trade in variety of products like Equity, Derivatives, Commodity, Currency, Mutual Funds & Fixed Income products.

We also directly facilitate clients who wish to trade in equity online via mobile application which enables seamless processes and flawless execution. We adhere to a friendly risk management department and well defined settlement mechanism thereby conducting fully compliant operations. Beyond investment avenues, Inventure provides quality research covering all the aspects of equity market fundamentals and technicals that helps our clients to get best possible returns on their investments
